

ULTRAFIRE

FIRE PROTECTION & BUILDING COMPLIANCE

Company CV

ABOUT US

Ultra Fire Protection Limited is a wholly New Zealand owned and operated fire protection and Security Company. Established in 2012 its head office for New Zealand is in Tauranga. Kris Tocker is the founding director

We are a fire company that provides effective solutions in the commercial industry. We are here to deliver premium solutions for a wide range of businesses in the major North Island areas, Auckland, Whangarei, Coromandel, Thames, Hamilton, New Plymouth, Rotorua, Tauranga, Taupo and Napier.

We are working with a wide range of developers & construction companies in our endeavour to provide them with a cost effective solution. We have an experienced and dedicated team of fire professionals. We are your best choice for a wide range of fire installation, servicing and building compliance needs.

We work closely in order to understand your business requirements and utilise the appropriate technology to get you the best solution for your business.

Who We Are

We are fire installation experts, with 80+ years of combined experience we can tackle any job big or small. We pride ourselves in being focused on quality of work, cost control and time management.

With our strong combination of industry knowledge, experience, innovative solutions, and expertise we can protect your business, meeting your regulatory obligations and giving you peace of mind. We offer a wide range of quality world leading Fire Alarm products and Fire Alarm Systems New Zealand wide, and can offer a full range of services for the commercial and industrial sectors.

What We Do?

We offer a full range of services for the commercial and industrial sectors including:

- Fire Alarm Design and Installation
- Fire Sprinkler Design and Installation
- Fire Systems ongoing and preventative maintenance
- Fire Equipment Installation, and Routine maintenance
- Fire Doors & Passive Systems.
- Fire Extinguishers.
- Gas Suppression Systems.
- Hydrants & Hose Reel Systems.
- Service, Maintenance & Testing.
- Special application systems.
- Emergency Lighting.
- Emergency Warning & Evacuation Systems

We are proud of our company striving to produce strong financial results from which everyone will benefit, determined to outperform and beat our competition; we are a high energy, fast moving, decisive organisation.

Ultra Fire Protection adopts a full life-cycle approach in working with our customers to provide the right solution for their needs.

Ultra Fire Protection supports this model of engagement by:

- Ensuring skilled people are located locally/nationally.
- Providing leading capability in the development, installation and service of the industry's most advanced fire technology.
- Maintain professional consultancy services ranging from engineering advice to fire training.
- Having a team driven by a passion for delivering exceptional client service.

No matter how large or how small your business is, you'll experience the same attention to detail and the same high level of personalised service.

Ultra Fire Protection combines industry expertise and innovative ways of thinking, together with a comprehensive range of products and services.

At Ultra Fire Protection we like to build long term partnerships with our clients, taking care of as many building services as required for your property. This ensures continuity for both our clients and local councils.

OUR TEAM

We are proud of our company striving to produce strong financial results from which everyone will benefit, determined to outperform and beat our competition; we are a high energy, fast moving, decisive organization.

Kris Tocker

Director

Owner & Director of the company with more than 25 years of experience in the fire protection industry. Kris's involvement in the fire protection business started way back in 1997, he quickly became obsessed with the industry learning everything he could. Then in late 2011 he decided he was going to do it for himself and formed the company in early 2012.

Things have just expanded from there with now over 45 staff we have craved out a reputation for doing large and successful installs on time everytime and that doesn't happen by mistake. His drive and attention to detail is what got the company started and he has kept the momentum going through hard work and been on the ground with the team, he is a great leader.

Mike Wood

Operations Manager

Mike is highly regarded within the fire industry, his process-driven approach to managing our contracts and installations has a noticeable difference at the end of project that is always finished on-time.

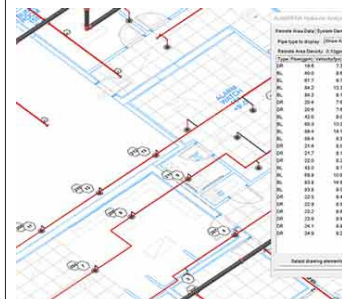

Mike believes in delivering higher than expected customer service, ensuring everyone involved is satisfied, and keeping the team running smoothly. With 20 years experience, there are very few people as knowledgeable and proactive as him.

Joe Medwin

Sprinkler Designer

Joe, our senior designer brings 15 years design experience to the Ultra Fire team. He has an extensive knowledge of fire protection system design & legislation. He prides himself on designing quality, cost effective & compliant systems for our clients. Joe is a proficient and experienced user of Revit, AutoCAD, AutoSprink & BIM360 software.
